

No Shave November

Written by Tyler Fleisher

November is the month where guys, and maybe some girls, do not shave their facial hair. No Shave November started in 2004 by a few young men in Melbourne Australia. It is a worldwide event where millions participate in it. It leads to many different kinds of contests such as: Beard Contests, Mustache Contests, and longest beard contests. Some people at the end of the month shave their beards off and donate it to some cancer patients who have lost their

Hair. People donate the money that they would spend on shaving and grooming and give it to people to educate others about cancer prevention.

The goal of No-Shave November is to grow awareness by embracing our hair, which many cancer patients lose, and letting it grow wild and free. Donate the money you typically spend on shaving and grooming to educate about cancer prevention, save lives, and aid those fighting the battle.

The rules of No-Shave November are simple: put down your razor for 30 days and donate your monthly hair-maintenance expenses to the cause. Strict dress-code at work? Don't worry about it! We encourage participation of any kind; grooming and trimming are perfectly acceptable.

NO SHAVE NOVEMBER

Dear Mr. Vernon,

We accept the fact that we had to sacrifice a whole Saturday in detention for whatever it was we did wrong. What we did was wrong, but we think you're crazy to make us write an essay telling you who we think we are. You see us as you want to see us, in the simplest terms and the most convenient definitions. But what we found out is that each one of us is a brain . . and a athlete. . .and a basket case. . a princess. . and a criminal. Does that answer your question?

Sincerely yours, The Breakfast Club

We have been on the edge of our seats for months on end. This year, we have had an election for the record books, and the results came in on November 9. Though Hillary Clinton won the popular vote, Donald Trump pulled ahead in the Electoral College.

So what does this mean? Trump will officially become the forty-fifth president on January 20, 2017. On his first day in office, he intends to do many things, including finding a replacement for Justice Scalia, removing all illegal immigrants, suspending immigration from 'terror-prone regions where vetting cannot safely occur', and proposing a requirement that eliminates two existing regulations for every new federal regulation.

Politics aside, however, the new first family is unique in their own right. For instance, Melania Trump, born in Slovenia, will be the second foreign-born First Lady after Louisa Adams. Furthermore, Barron Trump, their youngest son, will be the first son in the White House since John F. Kennedy Jr. Trump will be the oldest president in U.S history, entering the White House at seventy years old. He will also be the first president to have been married three times.

If opportunity doesn't knock, build a door.

Spell Bowl

Written by Chatta Owen

This year's Spell Bowl competitions ended without a trip to state; however, the team has had a remarkable run. In their first competition of the year at Northeast Dubois, they finished in second place. In their second competition, they left with first-place ribbons, thanks to spellers Kennedy Blacklock, Ryan Memmer, Taylor Andis, Journey Booker, Kourtney Masterson, Veronica Bittner, Makenzie Adams, Kayleigh Chitwood, Cameron Houchins, and Chatta Owen. The team ranked fourteenth total, falling just six points short of the cut-off to go to state.

Boys Basketball

Written by Lathan Falls

The Boys Basketball team is looking strong this season. They have more athleticism than most teams around. After questioning Walker Nurrenbern, who has started two years in varsity basketball and looks to start his third season, he says, "My goal this year is to win state. And also to average fifteen rebounds per game." Cameron Saulmon said, "I'm ready to get buckets." They feel strongly on winning a third sectional in a row.

As a team their main goal is to make it to the state finals and win a state championship. It would be the first time any boys team from Wood Memorial has advanced past a regional.

Her favorite teacher is Ms. Mercer. Her favorite subject is Spanish, and her favorite class is Nutrition and Wellness. Her best friend is Kabrea Howes, who also attends here at Wood Memorial High School as a sophomore. Her favorite color is blue, and her favorite food is pizza.

Katie's favorite movie is Brick Mansions, and her favorite song is "Young Man and Warning Shot" by Machine Gun Kelly. If she could have one superpower it would be invisibility. Katie is unsure if she wants to go to school yet, but she is ready to see where life takes her.

Bird Rehabilitation

Written by Alex Bates

Ms. Lauren Norvell, a WMHS science teacher, rehabilitates all types of birds. She works with around 30 birds a year. In order to do all of this, she has to have a state license for wildlife state federal rehabilitation.

She found a bird not too long ago, a Cooper's Hawk, which hunts songbirds. She found the hawk in the basement of a building on the Oakland City University campus. The hawk was trapped, weak, and dehydrated.

She kept the Cooper's Hawk for about two weeks to rehabilitate it. She fed it to put some more weight on it and also she rehydrated it.

Thanksgiving Facts

Compiled by Jordan Badger

The first Thanksgiving was held in the autumn of 1621, included 50 Pilgrims and 90 Wampanoag Indians, and lasted three days. Many historians believe that only five women were present at that first Thanksgiving, as many women settlers didn't survive that difficult first year in the U.S.

Thanksgiving is the reason for TV dinners! In 1953, Swanson had so much extra turkey (260 tons) that a salesman told them they should package it onto aluminum trays with other sides like sweet potatoes — and the first TV dinner was born!

Why is Thanksgiving the fourth Thursday in November? President Abe Lincoln said Thanksgiving would be the fourth Thursday in November, but in 1939 President Roosevelt moved it up a week hoping it would help the shopping season during the Depression era. It never caught on and it was changed back two years later.

The Macy's Thanksgiving Day Parade began in 1924 with 400 employees marching from Convent Ave to 145th street in New York City. No large balloons were at this

parade, as it featured only live animals from Central Park Zoo.

How did the tradition of watching football on Thanksgiving start? The NFL started the Thanksgiving Classic games in 1920 and since then the Detroit Lions and the Dallas Cowboys have hosted games on Turkey Day. In 2006, a third game was added with different teams hosting.

Wild turkeys can run 20 miles per hour when they are scared, but domesticated turkeys that are bred are heavier and can't run quite that fast.

Thanksgiving Myths

Compiled by Sydney Corn

Myth: Thanksgiving was about family.

Fact: Thanksgiving was a multicultural community event. If it was actually about family, the Pilgrims wouldn't have invited the Indians to join them. It was a big community event.

Myth- The original Thanksgiving feast took place on the fourth Thursday in November.

Fact- The first feast in 1621 happened between September 21 and November 11. It was a

three day long event. It was based on English harvest festivals, which usually occurred around the 29th of September.

Myth: Pilgrims ate turkey.

Fact: No one knows if they had turkey, but the only food we know for sure was deer. Why did we get the idea to have turkey and cranberry on Thanksgiving? It was because the Victorians prepared Thanksgiving that way, and they are the ones who made

Thank

Thanksgiving a national holiday in 1863.

Myth- The Pilgrims wore only black and white clothing. They had buckles on their hats, garments, and shoes.

Fact- Buckles did not come into fashion until later in the seventeenth century, black and white were commonly worn only on Sunday and formal occasions. Women normally wore red, green, brown, blue, violet, and gray. Men normally wore white, beige, green, and brown.

Thanksgiving Jokes

Compiled by Kaleigh Ferguson

- Why was the Thanksgiving soup so expensive? It had 24 carrots.
- If the Pilgrims were alive today, what would they be most famous for? Their AGE!
- What did the mother turkey say to her disobedient children? "If your father could see you now, he'd turn over in his gravy!"
- If a man wants to eat a turkey on Thanksgiving, what does a turkey want? It simply wants to run away.
- What did the turkey say before it was roasted? Boy! I'm stuffed!
- Why do turkeys always go, "gobble, gobble"? Because they never learned good table manners!
- What do modern day Native Americans call a pilgrim? Pilgrim Reaper
- What was the turkey looking for at Toys-R-Us? Gobbleheads.
- Who is not hungry at Thanksgiving? The turkey because he's already stuffed!
- What does Dracula call Thanksgiving? Fangs-giving.
- What sound does a turkey's phone make? Wing! Wing!
- What do Thanksgiving and Halloween have in common? One has gobblers, the other goblins.
- What is a pumpkin's favorite sport? Squash

2016 Veterans Day

Written by Jordan Stamper

Veterans Day is an official United States public holiday, celebrated annually on November 11. This holiday honors military veterans, that is, people who served in all of the United States Armed Forces. It coincides with other holidays, including Armistice Day and Remembrance Day, and is celebrated in other countries that mark the anniversary of the end of World War I; major hostilities of World War I were formally ended at the 11th hour of the 11th day of the 11th month of 1918, when the Armistice with Germany went into effect.

The United States previously celebrated Armistice Day, until the holiday was renamed Veterans Day in 1954. Veterans Day is not to be confused with Memorial Day; Veterans Day celebrates the service of all U.S. military

veterans, while Memorial Day honors those who died while in military service.

Wood Memorial honored veterans at their Veterans' Day program on November 11. Wood Memorial students welcomed and honored veterans both still with us and those lost. The band and choir played songs. Our guest speaker, Commander Jeremy Conder, American Legion Post 256, ended the program with some great words.

2016 Lip Sync

Written by Eli Schenks

Wood Memorial held its 28th annual lip sync on November 7. The Lip Sync is a fundraiser for the boys and girls basketball teams. Just like some of the previous years, Mr. Malin was the announcer. He came onto the stage between the acts dressed up in different outfits from his high school and college years. All of the acts did very well.

Paxon Bartley and Gretchen Reel tied for third place. Lexi Lashbrook, Chloe Mowery, Kennedy Wilkerson, Lily Froeming, Kylie Hicks, and Kendal Lashbrook got second place. The winners of the Lip Sync were the senior basketball girls. They did a scene from High School Musical about their Senior Year.

November Horoscopes

Aquarius (Jan 20-Feb 18)

"Rankle" is a beautiful word, but may blow your world apart today. Changing your lifestyle and underwear are always a good start. The week may start well, but fall into sharp decline later on Saturday.

Pisces (Feb 19-Mar 20)

A hairy back may trouble you this week, especially if it's not your hairy back that's in question. Beauty and misery are a package pair for you today. Hope for look in all your endeavours.

Be wary of emails claiming to be from PayPal or eBay - they are almost certainly your "most like a junky" friends trying to get a rise out of you. In fact, they're probably watching you from a webcam placed somewhere around the room you're currently in. We're 99% sure that's where these scam emails come from - people YOU know.

Aries (Mar 20-April 19)

Go with that animal instinct. You're Tony the tiger?and you're GRRRRREEEAT Magi cannot be expected to turn up at your convenience. However, they will usually leave a calling card asking you to re-arrange a visit.

The world moves pretty fast around you and you must learn to slow it down to a reasonable pace. Much of this can be done with a hefty broad-sword.

Gemini (April 20-May 20)

Everything you've ever felt about anything will be tested today during some troubling moment in which you'll learn something about anything or everything.

The re-animation of dead tissue may become an issue for you later this month.

Taurus (May 21-June 20)

The army has always held a fascination for you. Today might be a day where new things start to happen. I am always pretending to be a cat - make sure you have a special "getaway" persona that you can adopt at any given moment.

Tomorrow will bring fresh excitement and vigour to your otherwise dull self. In the grand scheme of things, today rates as a 0.001.

Cancer (June 21-July 22)

Rotten food can be an unhealthy way to lose weight! By agreeing to read this horoscope you may be bringing on yourself several levels of suffering and/or pleasure. If you agree to this, please stop reading now. Or carry on, depending on whether you're willing to take that chance.

Gift horses always happen to those who least expect it. The moral of this horoscope is: expect a gift horse.

Leo (July 23-Aug 22)

People say you make your own luck, but carrying around a sign that says "I'm needy and helpless" is probably not what they had in mind. Any deliveries you receive may turn out to be blessings in disguise this week. Watch out for incorrect addresses.

The newspaper will become a source of great amusement this week as an article tickles your fancy in almost every way.

Virgo (Aug 23-Sept 22)

Eating well will dominate your life over the coming fortnight as you try hard to keep your liver from imploding. "Deliver us from evil" they said. Perhaps this week would be a good time to start living as though this were possible.

Love: 80%. Money: 45%. Life: 12%. Happiness: 30%. TheSpoof: 100%.

Someone called Dave will contact you in the next couple of days.

Libra (Sept 23-Oct 22)

The morning will be full of fun and sunshine. Today is not your lucky day. It's tomorrow instead! So that's something to look forward to whilst your picking up your teeth with your broken arm.

You will be plagued by happy people, but don't be swayed by them, stay miserable.

Money is a source of evil you can't do without. Credit card companies may seize on your lack of self-control.

Scorpio (Oct 23-Nov 21)

Boxes that you have lying around may become useful for any storage. The day's events will make you want to move abroad. This week is going to be a series of ups and downs. Mostly downs, but also mostly ups.

Much of what you believe now will later be shattered by an obnoxious man who will probably wear glasses and have a distinct lisp.

Sagittarius (Nov 22-Dec 21)

Your lack of self-control "down there" may mean you're limited to small forays to the bathroom today. Sitting at a computer in order to read websites is not advised.

Don't be a player hater. No, we don't know what that means either.

Telling tales is pretty much what keeps me going. How about you? Good fortune is raining down on everyone but yourself today.

Capricorn (Dec 22-Jan 19)

Gifts can be given and received at the same time, but fights can start over the simplest of things. Wednesday will be a good day for you this month, but which Wednesday in particular is up to you.

Your lucky drink for today is: Coke.

Banking on anyone this week? Don't let them let you down like they did me. I'm still picking up the pieces of a tattered life.
